

THE COOLEST JOBS AROUND ARE ALSO THE HOTTEST IN DEMAND.

You don't necessarily have to get hot and sweaty on the job working in the versatile field of heating, ventilation, air conditioning and refrigeration.

Equal parts lecture and hands-on learning, Tidewater Community College's program trains students for a gamut of job opportunities in a field that is growing at an impressive rate. HVAC/R has the highest demand for new workers among the technical fields—in Virginia and across the nation. The demand is enormous, and every year, it gets bigger.

PROGRAMS

ASSOCIATE OF APPLIED SCIENCE IN HVAC/R

Complete in as few as 4 semesters / 65 credits

Prepare to repair, maintain, and service HVAC systems by supervising and assigning work according to building codes and standards. You'll train to conduct routine inspections and supervise repairs and/or maintenance to HVAC and refrigeration equipment.

CERTIFICATE IN AIR CONDITIONING AND REFRIGERATION

Complete in as few as 3 semesters / 35 credits

Ready yourself for in-demand HVAC/R technician jobs working on residential or commercial air conditioning systems, or for positions as a sales representative or a control services technician.

TCC FAST FACT

TCC is one of only four community colleges in Virginia to offer an associate degree in HVAC/R.

POSSIBLE CAREER PATHS

Prepare for a job in the HVAC/R industry as a technician in the areas of service, maintenance, sales, and installation.

IS THIS PROGRAM FOR YOU?

Yes, if you:

- have strong interpersonal and customer service skills
- have a clean driving record
- enjoy problem solving
