

MARINE GASOLINE ENGINE TECHNOLOGY

MANUFACTURING & TRANSPORTATION CAREER PATHWAY

MAKE WAVES IN A SURGING INDUSTRY!

Hampton Roads' marine industry is growing at a rapid pace, and marine technicians are needed in large numbers to keep the recreational and commercial fleets operating at full capacity.

In Tidewater Community College's marine gasoline engine technology program, you'll be involved in a hands-on curriculum that emphasizes practical experience. Along with classroom instruction, you'll spend extensive time in the shop working on real marine engines and equipment under the guidance of certified, experienced instructors.

Whether you're setting a new course for success or hoping to advance in the industry, this certificate offers you the high-tech training employers need and prepares you to earn valuable industry certifications.

PROGRAM

CAREER STUDIES CERTIFICATE IN MARINE GASOLINE ENGINE TECHNOLOGY

Complete in as few as 4 semesters / 27 credits

Learn how to maintain, diagnose and repair marine inboard and outboard engines in our hands-on classrooms. In addition to gaining expertise in marine maintenance mechanics, basic marine electrical circuits and hydraulics, you'll train to maintain, diagnose and repair marine inboard and outboard engines and stern drive transmission systems.

TCC FAST FACT

The marine gasoline engine technology program is accredited by the American Boat and Yacht Council (ABYC) as a marine league school.

POSSIBLE CAREER PATHS

- Marine gasoline engine technician
- Marine maintenance mechanic
- Credits toward an associate degree in diesel technology

IS THIS PROGRAM FOR YOU?

Yes, if you:

- enjoy working with your hands
- have good hand-eye coordination
- are mechanically inclined

PROGRAM AVAILABILITY

- Regional Automotive Center in Chesapeake, VA
